

Prep Blog Review: DIY Survival Gear

2014-03-29 15:10:54 By Brenda E. Walsh

There's a lot to be done outdoors in the spring, so we made a round up of the DIY preparedness and survival videos that will make your work easier and will save you some money.

Whether building tools out of scraps, light sources or fire props, we got it all gathered for you in the videos bellow.

1. Homemade tools that help you dig dirt on the homestead.

"Digging's no fun, but it sure helps to have the right tools. I'm gonna show you two tools that I use at my homestead a lot, very inexpensive, if you're a scrounger like you'll probably make both of these or find both of these and have no money invested."

2. How to build a fire can

"In this episode, we show you step by step on how to build a fire can. We also demonstrate what it looks like when being used out in the field. Hope you take something from this and thanks for watching!"
