[VIDEO] – Transforming an LMTV into the Ultimate Bugout Overlander – Part 3

Inspirational is the word of the day for this video, as we follow Tyler seeking inspiration on the way to go about the LMTV's restoration and transformation into the Ultimate Bugout Overlander.

Some of the people he turned to for that inspiration were Ray and Katherine, from over at 5 Tons of Discovery, who have built up an LMTV into one of the coolest homes on wheels you could imagine, with two slide-outs making it a homely space and all the amenities of a modern home, which are usable even while rolling down the highway.

Join Tyler and his friends as they tour the LMTV and show off all the creative ways his friends transformed a military truck into a roomy, bright home for themselves and their children.
