

[VIDEO] Transforming an LMTV into the Ultimate Bugout Overlander – Part 6

The LMTV is coming along nicely and Tyler's here with a short video to show you a quick hack he did to use his air compressor to run tools and always have a way to inflate tires.

All he's using is a Glad Hand, some hose, some connectors and a few pipe clamps and just like that, easy access to air tools for anything you'd need while exploring.
