

[VIDEO] Pocket Survival Kit (PSK) – Modified Rule of Threes

Three hours without shelter, three days without water, three weeks without food. You've probably heard it a thousand times. It's the rule of threes – probably the oldest and most widely used mnemonic in the survival world. But your Pocket Survival Kit (PSK) is meant to make you survive anything.

So Cache Valley Prepper is here to teach you what other “threes” you should be considering in your survival path. For example three seconds without thinking – because that's all the time you'll have in most gunfights. Watch the last part of his PSK series to find out the key of three to your survival needs!
